Subject: EPA letter to the Ministry of Environment

BC colleagues, I would have preferred to call to let you know about an EPA letter to the Ministry that was signed today. But I am traveling today and don't have good cell coverage, so an email will have to suffice. I wanted to let you know that EPA is sending a letter to Deputy Minister Zacharias outlining our concerns about the Implementation Plan Adjustment Summary. The letter is signed by the Region 8 and Region 10 Administrators, and conveys concerns that EPA has expressed previously about Teck's proposed water treatment plans.

The letter also describes EPA's sincere appreciation for the increased level of dialogue with ENV- we are truly appreciative of the more frequent and frank dialogue and hope it continues. I am attaching a copy of the letter. Please feel free to call if you want to discuss.

Ayn
